Reason: - As required by regulation 2(1) and Schedule 2 of the Town & Country Planning (Control of Advertisements) (England) Regulations 2007.

- 2 No advertisement shall be sited or displayed so as to
 - (a) endanger persons using any highway, railway, waterway, dock, harbour or

- 5 Where an advertisement is required under these Regulations to be removed, the site shall be left in a condition that does not endanger the public or impair visual amenity.

Reason: - As required by regulation 2(1) and Schedule 2 of the Town & Country Planning (Control of Advertisements) (England) Regulations 2007.

Informative(s):

- 1 Reason for granting consent -

The proposed illuminated projecting sign is considered acceptable in terms of size, location and method of illumination, as it would respect the architectural features of the host building. Following officer advice, the projecting sign has been reduced in size and level of illumination. In the wider street scene, the advertisements would not be considered to cause harm to the visual amenity of the immediate locality as there is existing signage including illumination and the proposals would not be considered unduly dominant.

Due to its size, location and low level of illumination the sign would not significantly harm the amenity of any adjoining residential occupiers in terms of light spill and would not be considered unduly dominant in the streetscene nor would it be harmful to either pedestrian or vehicular safety.

No objections have been received prior to making this decision and the site's planning and relevant enforcement history has been taken into account when coming to this decision.

As such, the proposed development is in general accordance with policy D4 of the Camden Local Plan 2017. The proposed development also accords with the policies of the London Plan 2016 and the National Planning Policy Framework 2012.
