The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise

specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 and D2 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans Design & Access Statement ASB 347/A1/jm dated 19 February 2018, 05revA, 07revC, 08revD.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission.

The proposed rooflight is considered to be appropriate in terms of location, design and materials as they would be subordinate in size and number and have been sympathetically designed so as to respect the integrity of the existing roof. They would be fitted flush with the roof slope surface and would not conflict with other architectural roof elements, as such, the proposal would have a minimal impact on the character and appearance of the existing building and the surrounding South Hampstead Conservation Area.

The location of the proposed rooflights are not considered to have an unacceptable impact on nearby properties in terms of loss of privacy or outlook.

No objections have been received prior to making this decision. The planning history of the site has been taken into account when coming to this decision

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area under s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

As such, the proposed development is in general accordance with policies A1, D1 and D2 of the London Borough of Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the National Planning Policy Framework 2012.
