Dear Charles

Application for full planning permission and listed building consent for an alternative entrance gate at Heath Park, North End Way, LB Camden

On behalf of our client, Mr Vikrant Bhargava, we submitted planning and listed building consent applications for an alternative entrance gate for an existing vehicular access to Heath Park (refs. 2018/0536/P & 2018/0740/L) on 12 February 2018.

The original design, as detailed on the submitted drawings, comprised of two sets of piers and a recessed gate to provide access to Heath Park. Following detailed design discussions with both yourself and the Design Officer, we enclose revised drawings detailing the amended design. The design consists of a curved wall leading to a single set of piers and recessed gate access, it involves a slight widening of the gateway compared with the previously submitted drawings. These changes have been positively reviewed in draft by Officers.

Accordingly, we request that the following drawings are substituted as follows:

Drawing name	Superseded Drawing ref.	New Drawing ref.
Entrance Courtyard Plan	1204-PL-352 rev. D	1204-PL-352 rev. E
Entrance Gates Elevations	1204-PL-354 rev. B	1204-PL-354 rev. C
Existing Entrance Gates and Demolition Drawings	1204-PL-356 rev. A	1204-PL-356 rev. B

Following our discussions, we trust that this application can be determined promptly. However, should you have any questions in relation to the application, please do not hesitate to contact me or my colleague Joe Larnier.

Yours sincerely

Harry Bennett
Planner
