Application: 2018/1673/P - 23 Perrins Walk

Dear Mr Sild

I am writing as the owner and occupier of [REDACTED] to object to planning application 2018/1673/P for 23 Perrins Walk. It adds a fourth floor to a building already extended from two floors to three.

23 Perrins Walk is currently the tallest house in the street. The addition will make it even more dominant, intrusive, and unbalanced. It will further over look my property: [REDACTED]. It harms the character and appearance of the building and street. It is not in keeping with the original form and character of the house. It will increase light pollution, reducing the bats habitat and biodiversity. It substantially reduces the roof garden space. It doesn't comply with Camden Council planning guidance.

The application should be refused.
Yours sincerely

[REDACTED]
