Design & Access Statement prepared by W-architects Ltd dated April 2018.

Reason:

For the avoidance of doubt and in the interest of proper planning.

Informatives:

- 1 Reasons for granting permission.

The current scheme proposes to demolish and re-build the brickwork boundary wall along between the site and 5 Millfield Lane. The partial replacement of the buttressed boundary wall which is in very poor condition, with a brick wall of the same general height would enhance the conservation area and preserve the significance of the adjoining listed building, and is therefore acceptable.

Special attention has been paid to the desirability of preserving the special interest of the listed building and preserving or enhancing the character or appearance of the conservation area, under s.66 and s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

The proposal is not considered to cause any adverse impacts on the amenity of adjoining residential occupiers.

No objections have been received prior to making this decision. The planning history of the site has been taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies A1, D1 and D2 of the Camden Local Plan 2017 and policies DH2 and DH6 of the Highgate Neighbourhood Plan 2017. The proposed development also accords with the London Plan 2016 and the National Planning Policy Framework 2012.
