2018/1520/P	Jos Vernon	09/06/2018 12:52:53	COMMNT	<p>My comments relate to all the 6 Erskine Rd applications.</p> <p>I object to these changes. A balance of types of building is required. There are plenty of luxury flats in this area. More are not in the interests of the community.</p> <p>Planning permission was granted for particular use and it should not be changed. This is particularly the case given that development has not even yet been completed.</p> <p>The B1 to residential I believe is practically a given under current legislation. So while it should not be granted I accept it may be unavoidable.</p> <p>What should certainly not happen is the D2 to B1 as this will inevitably be followed by another conversion from B1 to residential.</p> <p>But ideally the development company should be kept to the conditions under which it originally obtained permission.</p>
