2018/1729/P	Andrew King	14/06/2018 10:40:11	INT	My only concern is the alleyway at the rear of the property. Access is required to many properties leading from this alleyway (this includes car access sometimes and disabled access. I believe it should not be cluttered with rubbish during the building works. Similarly the building materials and tools should not obstruct this alleyway. This includes vehicles used in the building and surveying works.
