FAO David DeCosta

Dear David

Re Agar Grove, Camden, London, Phase 1B-Planning Condition No. 20

In reference to planning condition no. 20 (CCTV provision), we confirm that there is no installed CCTV prior to practical completion of Planning Phase 2. However, we have made provision for future installation that would be subject to planning scrutiny should London Borough of Camden decide to proceed with the design and installation.

I trust that the aforementioned is sufficient to discharge condition 20 for this phase of the works.

Yours sincerely,

Matt Daley
Technical Coordinator
