Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Householder Application Granted

Address:
111A Gaisford Street
London
NW5 2EG

Proposal:
Proposed erection of single storey rear conservatory extension at lower ground floor level
Drawing Nos: MC/170(01)_01, MC/170(01)_02, MC/170(01)_03, MC/170(01)_04,
MC/170(01)_05, MC/170(01)_06.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 and D2 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans:

MC/170(01)_01, MC/170(01)_02, MC/170(01)_03, MC/170(01)_04,
MC/170(01)_05, MC/170(01)_06.

Reason:

For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission.

The proposed single storey rear conservatory extension would measure a width of 3.3m, infilling the existing lower ground floor patio area to the rear of the subject property, extending a depth of 2.2m from the rear building line. It would include timber frame material which would respect the character of the host property and surrounding Bartholomew Estate Conservation Area. The proposed extension would not be visible from the public realm. It would be subordinate to the host building, sitting comfortably with it in terms of design, form and scale and would not detract from the design and proportions of the existing building.

Due to the minor nature and siting of the proposed extension, it would not give rise to any adverse impact on the amenity of neighbouring occupiers in terms of loss of daylight, sunlight, outlook or privacy.

No objections have been received prior to making this decision. The application site's planning history and relevant appeal decisions were taken into account when coming to this decision.

Considerable importance and weight has been attached to the harm and special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under and s.72 of The Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with Policies D1, D2 and A1 of the Camden Local Plan 2017, and policy D3 of the Kentish Town Neighbourhood Plan 2016. The proposed development also accords with the London Plan 2016 and the National Planning Policy Framework 2012.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
