2018/1970/P	Jenny Webley	18/06/2018 11:40:34	COMMNT	I agree with Rachel Escott, and support Camden's 'balanced provision of businesses' in Lambs Conduit Street. I find it very worrying that this planning application is 'Retrospective'. I feel very strongly that this undermines the authority of the Planning Officer and the Planning Department of Camden. The area is overwhelmingly residential and as a resident, I would like to see local democracy play an important part in the decisions made in planning applications. On site notices put up in 2017 , La Fromagerie applied for a street lamp and awning. I did question this at the time, as the building work was extensive. I don't expect there to be many comments as most people will assume planning permission had already been granted.
