2018/2440/P	Gabriella	18/06/2018 12:48:46	OBJ	We object to the bulk of wall of the proposed building in its present design on the boundary against Holly Walk as it would impact the appearance of Holly Walk and have a negative impact on the beauty of the area, especially on the cemetery and the adjacent Prospect Place, Blenheim Place and Holly Place.
2018/2440/P	Gabriella	18/06/2018 12:48:46	OBJ	We object to the bulk of wall of the proposed building in its present design on the boundary against Holly Walk as it would impact the appearance of Holly Walk and have a negative impact on the beauty of the area, especially on the cemetery and the adjacent Prospect Place, Blenheim Place and Holly Place.
2018/2440/P	michael geoghegan	27/06/2018 18:38:49	COMMENT	I do not wish to object strongly to the proposal, because it looks more attractive than the existing garage blocks. It will, however, detract from the view I enjoy [REDACTED] In particular, it will obstruct my view over the garden of [REDACTED] Holly Walk and the lower stories of the Georgian houses on the opposite side of Holly Walk. I can find no indication of how long construction would take. [REDACTED] and my main concern would be the noise and disruption caused by construction works for a currently undefined period.
