

Application No:	Consultees Name:	Received:	Comment:	Response:
2018/2555/P	Alice Summerfield	22/06/2018 12:23:00	EI INR	I have been severely disrupted by the works as I am studying for exams and have to leave the house to revise as the works are so noisy. I do not understand what the new plans are saying - will it be shorter works or longer works? Will it be noisier or quieter? Will the cracks in my house get worse or is this to make it safer? I would expect somebody to come to the neighbours to explain [REDACTED]
2018/2555/P	Rachel Summerfield	22/06/2018 12:20:03	EI INR	I am very surprised by this application [REDACTED] and was not informed by anyone that there was a new application. In addition, my [REDACTED] surveyor had also not been informed of any changes. At the moment my house is suffering from extensive cracking (as well as the huge expected disruption and noise from this gigantic project) and I think it needs to be explained what the purpose of this application is, how it is going to affect the neighbouring houses etc rather than make an application without informing anyone. Until I understand from the surveyors what these new plans mean, I am unable to assess whether or not it is a problem.
2018/2555/P	Ashley Summerfield	22/06/2018 12:26:56	COMMENTS II.	My house is suffering from extensive cracks and I would like the works to be carried out in as safe a manner as possible. My [REDACTED] surveyor had assessed all the original plans and was happy with the work that was going to be undertaken. Until he has seen and examined the new plans, and understood the implications for our property, I am unsure what this new application's affect will be. It seems very strange that this application was made without informing us [REDACTED] has been hugely affected by the current building work) nor informing our [REDACTED] surveyor.

[REDACTED]
