Dear Mr. Farrant,

Re: Planning application 2018/1457/P

As the owner of 5 Honeybourne Road it would appear that a major concern of resident's objections is access to the rear of the properties at Honeybourne Road and West End Lane.

I would like to bring to your attention that a right of way was granted to previous owners of 5 Honeybourne Road in 1936 in order that their application to build garages to the rear could go ahead. To my knowledge no one else has any right of way or right of access to this roadway.

Solicitors' letters in recent years to local residents and shopkeepers asking them to stop parking vehicles and leaving rubbish blocking access to my garages has had limited success and significantly, no offers of proof of any entitlement for access has been forthcoming.

I believe that objections on grounds of access are not valid.
