The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

639-1.001; 2.002 F; 2.003 F; 2.004 F; 2.005 F; 2.006 E

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 Consent is sought for minor internal alterations internally. The main building on Cambridge Terrace is a completely modern development with the external façade of principle interest. However the ability to appreciate and recognise the party walls between each property, when seen from the street, remains valuable from an historic building perspective. In this regard the plans have been amended during the course of the application to show jib doors on the other far side of the front rooms, instead of large openings by the front façade, in order to help maintain the buildings historic appreciation. All other changes are not considered harmful

The works to nos1 and 2 Chester Gate involving swapping a modern partition to the 3rd floor of no. 2 Chester Gate (as approved) with a similar partition to no. 1 Chester gate. This would preserve the changes across both houses.

The works would preserve the special interest of the grade I listed property. Historic England were notified and authorised the Council to determine the application as we see fit.

A site and press notice was advertised as part of the application. The site's planning history has been taken into account when making this decision.

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.16 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policies D1 and D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the National Planning Policy Framework.
