2018/2859/P	Aru Sinha	03/07/2018 09:23:11	OBJLETTE R	We are shocked to see this application. The site does not have sufficient access for creating a Basement. If the Council considers this application they are essentially putting the lives of young children and elderly people at risk. There is a school next door and enclosed Streatley Place pathway is used by residents of the local vicinity. The health and safety of the local residents and school children will be compromised and we put the Council on notice if this application progresses, they will be liable for any serious accidents that will inevitably occur. Can you advise if the local referendum has any impact on this application?
