Proposal	Erection of a single storey wraparound extension to the rear elevation at ground floor level, erection of a single storey rear extension on the outrigger at second floor, extension of existing rear dormer roof extension, installation of 3 x roof lights on existing pitched roof on front elevation and alteration to the fenestration to the front and rear elevation all associated with the use as residential dwelling. (Class C3).
Objection	Yes
Observations	We object to the size and design of the rear dormer and the 2nd floor roof extension. Both these elements are out of kilter with the contents of the CA appraisal and should be resisted, notwithstanding any nearby examples.
