2018/2442/P	Lidunka Voadlo	10/07/2018 10:37:49	OBJ	<p>I object to this proposal for the following reasons:</p> <ol style="list-style-type: none">1. Subsidence: there is history of subsidence in Spencer Rise, and such excavations, together with the heavy-duty machinery, trucks and lorries required that will be trundling down the street, may cause or accelerate further subsidence.2. Disruption: excavations of basements can cause years of disruption to the neighbours. The street is relatively narrow, so the large-vehicle access will be a major problem; the noise level over months or years will negatively impact residents very significantly. <p>I object to this proposal in the strongest possible terms.</p>
