Subject: 20-23 Greville Street London EC1N 8SS: Application Number2018/0910/P

Dear Laura,

I am writing to you today to voice my concerns over the planning proposal application made by 20-23 Greville Street.

I was unfortunately too late to object previously due to annual leave.

The building plans that have been applied for will have a hugely negative impact on our business. We are situated in 19a, above the Bleeding Heart Tavern and are accessible from a door which will fall directly opposite their proposed bin store. This is clearly less than ideal and will impact negatively on the experience our customers receive. Considering the current heat wave I can only imagine what this will be like...

The proposal I have been sent speaks at great lengths of the "historical" impact, but very little of the affect on the businesses that are currently established. I am completely stunned that you would even consider the proposed post-apocalyptic cladding as a gesture to the history of the area. Frankly it is a depressing thing to have to stare at all day.

It is my hope that you will take this email as a formal objection to the application.

I am aware of the submission that has been made to you by Urbanomics Ltd, and I would like to say they have my full support.

Kind regards

Michael Cook
