2018/2805/T	Mr S. Morris	13/07/2018 09:41:51	OBJ	<p>This application should be thrown out as it fails to admit it is in a conservation area - which a simple search on Camden's own website easily proves.</p> <p>Furthermore, while I admire the applicant's choice of using a toddler to draw the tree, this and the lack of a photo is frankly insulting and doesn't show the height.</p> <p>The tree is part of a row in a conservation area - trees in neighbouring gardens have been pollarded, while this tree of the same/similar age has clearly been neglected for many years.</p> <p>I could understand if they'd applied to re-pollard the tree, but to fell it totally would be a crime against the health of those in the neighbourhood. Trees are our lungs and we simply cannot allow people to fell them because they won't look after them.</p> <p>Furthermore, it is in a row and would destroy a valuable visual asset in a conservation area. The Tree Protection Order is there for a reason and should be respected.</p>
