Planning Department
London Borough of Camden
5 Pancras Square
London
N1C 4AG

Dear Sir, Madam

With reference to

Planning Application 2018/2098/P

We have been advised of the above application. We have not received any official Camden notice which we understand is no longer issued to effected parties.

However we were only aware of the 'closing' date for comment, after the expiry of that date.

Nevertheless we wish to make comment to the Planning Department and to raise objection to some of the details.

If this requires a different format, such as any additional forms, we need to be advised, or directed to the department where such matters are considered.

1. There is a party wall to between [REDACTED] and that of the applicant, we wish to be sure that the necessary protocols are followed and we are allowed full protection of our rights and for our property.
2. The plans as submitted include demolition and re-construction of existing features which we feel might have a detrimental impact on our own structure.
3. There are features of the proposed construction to the subject building which we feel will impact on the privacy of our residence, and we wish to limit the extent of such proposed building to protect this privacy.

Please advise us at which point and through which protocols we are able to make these objections to be sure that they are considered by the planning department,

[REDACTED]

Mr Jack Felber
