

To whom it may concern,

Regarding - End Corner Plots at Grafton Road, Lambie Street, Barrington Court, London NW5.

I Paul Atherton live at [REDACTED] Barrington Court, Lambie Street and I observed the hoarding work and subsequent digging of a small trench on these sites in April of this year. I can state categorically that the 'foundation trench' referenced in the application for the Certificate of Lawfulness was not started on or before 20/4/18.

The only work that was carried out up until the expiry of planning permission 20/4/18 was the erection of hoarding around the sites, there was no other work at all undertaken.

I looked at the sites as I passed by on the morning of the 21/4/2018 and I saw only some wooden poles around Site B, with no holes in the ground and no concrete.

Please feel free to contact me if you need any further statement from me.

Yours faithfully, [REDACTED]

On the 21-04-18 a family member told me about the work not starting on time on the 3 Sister Sites. Later that day whilst on my way to go shopping I had a look myself and saw that he was right and there was only wooden fenceposts fixed in place, and nothing else on Site B (the middle of the 3 sites).

Yours faithfully

I Alex Newnham live at [REDACTED] Barrington Court and I observed the hoarding work and subsequent digging of a small trench on these sites in April of this year. I can state categorically that the 'foundation trench' referenced in the application for the Certificate of Lawfulness was not started on or before 20/4/18.

The only work that was carried out up until the expiry of planning permission 20/4/18 was the erection of hoarding around the sites, there was no other work at all undertaken. I only witnessed fenceposts in place on the Site B over the weekend of the 21-22 April, with plainly no excavation work at that time either started or in place.

There was no trench dug until 26/4/18 when ground was broken and begun by hand, then on 27/4/18 it was completed by a mechanical excavator, concrete was then poured on 28/4/18.

I witnessed this as I live adjacent to the site and pass it every day. Please feel free to contact me if you need any further statement from me.

Yours faithfully Alex Newnham
