

## General enquiry form - Ref. 21232606

**Customer***First Name**Name**My enquiry is*

Re appn 2018/1970/P at 52 Lambs Conduit Street.

I do not believe I was consulted on the application, despite being a near neighbour living directly opposite.

I write in support of this application. I believe the applicant's use of the building is in accordance with the existing use class, but either way the applicant, La Fromagerie, makes an entirely positive addition to the street. There is already a restaurant with external seating immediately opposite, so there is no added noise, and it is entirely appropriate that a corner site be used for food/cafe use. I live directly opposite and have not been aware of any contravention of opening hours, nor aware of an increase in noise. The local residents' association speaks only for a handful of residents: contrary to their sentiments, a happy and thriving business is preferable to an empty shop.
