2018/1834/P		22/07/2018 20:07:24	COMNOT	<p> is a residential housing estate with approximately 50 +children living here.</p> <p>There are eight Masts I can see on the roof, five more than the Conservation Area standards for Swiss Cottage. This is excessive already. The planning application is very vague and doesn't say exactly what they plan to do just that it is 'negligible' On this ground alone it should be rejected. the planning committee can't know what it is consenting to. Work has already been done in recent weeks.</p> <p>Why are children at school considered but not children at home? Eight masts already could we'll be causing radiation changes to residents health.</p>
