The proposed replacement shopfront would maintain the existing character of the current shopfront, adding an additional separate entrance door for access to the upper floors. The proposed design provides timber stall risers, mullions and transom lights in a traditional style appropriate to the host building's age and architectural style. The design and materials serve to preserve the character of surrounding conservation area.

No objections were received prior to coming to this decision. The site's planning history was taken into account when assessing the proposal. Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposed development is in general accordance with policies D1, D2 and D3 of the Camden Local Plan 2017. The proposed development also accords with policies of The London Plan 2016 and the National Planning Policy Framework 2012.
