Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:

**52 Neal Street
London
WC2H 9PA**

Proposal: Erection of single storey rear infill extension with fixed rooflight to retail unit at ground floor level (Use A1)

Drawing Nos: 24077/ E01 (OS Extract); E02; E03; E04; P01; P02; P03.

The Council has considered your application and decided to grant permission subject to the following conditions:

Conditions and Reasons:

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 and D2 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans:

24077/ E01 (OS Extract); E02; E03; E04; P01; P02; P03.

Reason:

For the avoidance of doubt and in the interest of proper planning.

Informatives:

- 1 Reasons for granting permission:

The proposed single storey rear extension is considered as subordinate to the host building in terms of its form, size and proportions. It would be developed on top of an existing structure at lower ground floor level and as a result, the lower ground floor level would be completely internalised. The extension follows that of neighbouring buildings in which the rear redundant courtyards have been built upon.

The proposed extension would be constructed from stock brick with a flat roof and a fixed rooflight. Its detailed design would be of the same manner as the neighbouring rear extensions. Therefore, its detailed design is considered appropriate in relation to the host building and the Seven Dials Conservation Area. The party walls on either side would be increased by 0.9m and is considered acceptable. The proposal would not be visible from the streetscene.

Due to the extension's size, height, location and adjoining residential units being located on the upper floors of the application and neighbouring buildings, there would be negligible harm to the amenity of adjoining residential occupiers.

One objection was received prior to making this decision. The application site's planning history and relevant appeal decisions were taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies A1, D1 and D2 of the London Borough of Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the National Planning Policy Framework.

- 2 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Noise and Licensing Enforcement Team, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (Tel. No. 020 7974 4444 or search for 'environmental health' on the Camden website or seek prior approval under Section 61 of the Act if you anticipate any

difficulty in carrying out construction other than within the hours stated above.

- 3 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
