2018/2824/P	Michelle Caplan	25/07/2018 13:29:34	OBJ	<p>I strongly object to this Planning Application. We have enough retail in the village and this launderette is in constant use and a Public Amenity. There are many small fats in the village that have no room for a washing machine and the nearest Launderette is very far away to be carrying towels and sheets especially for the slightly older population of the village. The loss of this Launderette will cause much distress among the locals. The Council needs to consider the impact it would have not only as an amenity but also as a village meeting point where many residents meet and chat while getting their Laundry done. I have enquired at the dry cleaners nest door and they do not offer a same day service so those people with only one set of towels, sheets, jeans etc will really have no other means of cleaning if hey cannot walk or carry far.</p> <p>Please leave some of the Village staple amenities in place and refuse the permission.</p>
2018/2824/P	David Bishop	26/07/2018 14:21:53	OBJ	<p>I object to the proposed change of use of the launderette in Belsize Lane. This is a vital resource for the community that I frequently use. Every time I visit it is well used by other customers. It is essential that we retain this community resource and it would be very sad for the area if we lose it.</p>

2018/2824/P	Tommaso Palumbo	28/07/2018 17:14:51	OBJ	<p>I am a regular user of this laundrette and I would like to point out two things: 1. It is the only laundrette we have in the area. 2. I understand that this business is already very profitable, as it is. In the balance between pleasing a greedy landlord and allowing the local community to retain an essential facility, I do sincerely hope that Camden Council opts to protect the latter.</p>

2018/2824/P	M B THOMPSON	29/07/2018 09:08:20	APP	<p>I am writing on behalf of five elderly residents of the area. We all use the Launderette on a regular weekly basis. We request that the application is denied. This is the last remaining Laundromat in the area. We all live in rented or council flats and none of us have washing machines and dryers in our homes. How are we to do our washing if this laundromat is closed? Being pensioners it would not be feasible to install washing machines in our various premises even if our landlords permitted this. Would Camden Council be amenable to installing washing machines and dryers in all their rented premises? Please consider the plight of these and other pensioners when reviewing this application</p>
