2018/3408/P	Preeti Chowdry	01/08/2018 13:47:39	OBJ	<p>The access statement is incorrect. There is an underground car park which needs 24 hr access. Previously when planning has been granted we have to fight with the builders to move their vehicles. This is not fair when you have small children and need to use your car to get about. Also the builders have damaged the Mews and never repaired the lane. This resident has not notified the 12 homes in the Mews about their plans at all. This blatant disregard for neighbours is the root of the problem with building works in an already extremely crowded Mews.</p>
