The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Site plan, proposed floor plan, demolition plan, existing floor plan, e-mail outlining plaster and Newton membrane proposal

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 The site is a basement flat in a 19th-century grade-II-listed terraced house making a positive contribution to the Primrose Hill Conservation Area.

The flat is much altered, with a bathroom in the stair compartment, the rear wall half removed to open on to a conservatory with a raised floor, and little historic material surviving. It has a solid floor.

The applicant proposes to square off a diagonal modern partition, demolish a breakfast bar, block a non-original double door from front to rear, and square off the bathroom, with the loss of an internal partition. He also proposes to move the doorway of the front bedroom. The flat will also be rewired and fitted with underfloor heating. The walls of the flat will be dry lined with Newton membrane and then plastered. No external works are proposed.

The proposed works will not harm the special interest of the grade-II-listed building. The site's planning history has been taken into account in making this decision.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the NPPF.
