2018/2969P	Pamela Todd	08/08/2018 09:33:00	COMMENT	The existing building with cupola is an intrinsic part of the whole structure including the house in its original state. It is of a piece with the larger cupola on the house itself. Removing part will destroy the character of Gainsborough Gardens and make a mockery of the description conservation area.

Dear Ms Constantinescu

5 GAINSBOROUGH GARDENS LONDON NW3 1BJ - LPA REF NOIS:
2018/3483/L;2018/2969/P;2018/2891/L;2018/2344/L

DEMOLITION OF EXISTING REAR CONSERVATORY AND ERECTION OF SINGLE STOREY REAR
EXTENSION WITH PATIO ETC AND MINOR ATERATIONS ND REFURBISHMENT ETC

We object to the grant of planning permission for the demolition of the existing conservatory and the erection of a single storey extension in its place.

[REDACTED] A number of the windows on the West side [REDACTED] overlook the rear garden of number five. The existing conservatory is an important part of our outlook. We consider that the proposed replacement, with its Corten steel cladding, is out of keeping with the essentially homogeneous character of the buildings in Gainsborough Gardens. It will be visible from the street, but more importantly from our point of view it will stand out like a sore thumb. Whereas we now enjoy a view of the interesting and modest existing structure, if this proposal is approved we will look [REDACTED] onto a long, flat steel roof. It will form a startling contrast to the white flank of the beautiful Georgian villa next door in Heathside. For these reasons we request that the proposed extension be refused because by its design, it would fail to preserve and enhance the Hampstead Conservation Area contrary to policies D1, D2 in the Camden Local Plan which requires the council to ensure that development: respects local context and character; preserves or enhances the historic environment and heritage assets in accordance with Policy D2 Heritage; and comprises materials that complement the local character.
Please include us in your recipient list for decisions made and general progress updates with respect to the proposal.

Yours sincerely
