Not everyone living in the local area has a washing machine at home and this service is an essential for them to ensure they can clean their clothes in a local, affordable facility. The laundrette is also used by people in the area who need to supplement the washing facilities they have at home eg if their machines break or if they need large capacity washing facilities for bedding/ extra loads etc. The Belsize Park area is a mixed area with much council housing and services like laundrettes are very important. They also serve a social purpose and employ local people which is crucial. Our local communities need to maintain their mixed services to ensure everyone in the community is catered for. Yet another retail unit will not be able to serve the community in the same way. Please don't close our local laundrettes.</p>
