Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:

**3rd Floor Flat
33 Regent's Park Road
London
NW1 7TL**

Proposal:

Replacement of single glazed windows & French doors with like-for-like double glazed windows & French doors on front, rear and side elevations.

Drawing Nos: (1815/-)1, 2, 3A, 4, 5, 6.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise

specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 and D2 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: (1815/-)1, 2, 3A, 4, 5, 6.

Reason:

For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission:

The proposal seeks to replace all existing single glazed timber sash and hopper windows & timber French doors at 3rd floor level with like-for-like double glazed replacements on the front, rear and side elevations. These replacement windows and doors would match as closely as possible the existing windows and doors in terms of materials, colour, frame sizes, design, opening methods and proportions.

There would be some degree of increased thickness to the glazing bars in order to accommodate the double glazing panes. However, in this instance, the use of Slimlite sealed units with an overall thickness of 12mm and 14mm for the windows and doors respectively is considered to be an appropriate and sensitive alteration unlikely to alter or detract from the character and appearance of the host building or the wider Primrose Hill Conservation Area, and as such, would be acceptable.

There are no amenity concerns as a result of these proposals in terms of loss of privacy or overlooking to neighbouring properties as the proposed windows and doors would replace existing windows and doors.

The site's planning and appeals history has been taken into account when coming to this decision. The Primrose Hill Conservation Area Advisory Committee raised no objections to the proposals, and no objections have been received from any other parties following statutory consultation.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Primrose Hill Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Area) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policies A1, D1 and D2 of the Camden Local Plan 2017, the London Plan 2016, and the National Planning Policy Framework 2018.

- 2 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Noise and Licensing

Enforcement Team, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS
(Tel. No. 020 7974 4444 or search for 'environmental health' on the Camden
website or seek prior approval under Section 61 of the Act if you anticipate any
difficulty in carrying out construction other than within the hours stated above.

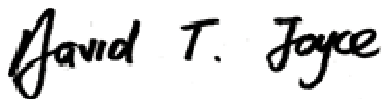

- 3 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.

You can find advice about your rights of appeal at:
