2018/3830/P	Azceem	16/08/2018 06:55:30	OBJ	As a resident of the Central St Giles complex I regularly walk and jog along Shaftesbury Avenue. The pedestrian traffic is constant there. I am concerned around congestion during the day as well as criminal activity at night. This end of Shaftesbury Avenue is quieter at night and will lend itself to loitering and making this area unsafe for residents to walk home.
