Hitch

My enquiry is

Concern of planning application
2018/3230/1

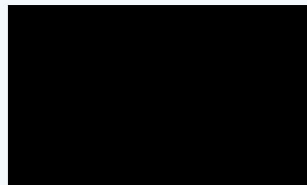

1. Drawings show proposed extension roof with flat paved half, implying a roof terrace which would unacceptably directly overlook our conservatory which serves as our dining area.. 2.the outline of extension exceeds the existing party walls On our side (14) and on no.18 side. As neighbours we have not been consulted. Three weeks ago I found written planning documents online. I only managed to find drawings (very sparsely detailed) yesterday after 2 calls to the planning office. Please answer these points and clarify where we stand with any objections. Please acknowledge receipt of this message.
