2018/3829/P	Amy Leonard	16/08/2018 13:54:24	OBJ	The design of this "phone box" is totally out of character with the the local area. It is an excuse for an advertising display which would take up valuable footpath area and would visually dominate the pathway. A phonebox is not required or desired in the area, it's placement is surely for use as an advertising panel to be viewed by passing motorists and should be treated as such.
