

Application No:	Consultees Name:	Received:	Comment:	Response:
2018/2326P	Mrs Mireille Solomon	18/08/2018 20:40:53	OBJ	For the attention of Mr Peres de Costa 17th August, 2018

Dear Mr Peres de Costa,

I am writing to object strongly to the most recent proposal for two high-level windows in the party wall (south elevation) overlooking my private residential garden.

I have a further objection that the two windows have already been installed. I am most concerned that I was not consulted and found out by chance on a notice on a lamppost. Furthermore, we have been prevented from seeing the windows because the building is screened by a hoarding.

My main objection is my new loss of privacy previously enjoyed, because even though the windows are above an average person's height, it would be very easy for anybody with the intention of looking out to do so.

By granting approval to the high-level windows, I am very concerned that at a future date the windows could be changed and significantly enlarged.

Additionally, our quiet garden could be disturbed by noise from the offices. The windows could also create light pollution.

I hope you will take my objections into consideration.

Yours sincerely,
Mrs Solomon
