Your Ref 2018/3471/P

Dear Mr. McClue,

Proposal: Details of metalwork and a sample panel to partially discharge conditions 3(a) (facing materials) and part of 4 (sample panel of 2016/6311/P (originally approved under 2014/4385/P dated 18/03/2015) for: Mixed use building ranging from 6-13 storeys comprising 2,220sqm employment floorspace, 121 residential flats, pedestrian footbridge over the Regent's Canal

Location: 101 Camley Street, London

Waterway: Regent's Canal

Thank you for your consultation.

The Canal & River Trust (the Trust) is the guardian of 2,000 miles of historic waterways across England and Wales. We are among the largest charities in the UK. Our vision is that "living waterways transform places and enrich lives". We are a statutory consultee in the development management process.

The Trust has reviewed the application to partially discharge conditions 3(a) and 4. This is our substantive response under the Town and Country Planning (Development Management Procedure) (England) Order 2015. Based upon the information available we have **no comment** to make.

Yours sincerely

Ian Dickinson MRTPI
