30 August 2018

Dear Seonaid,

Former Royal Ear Hospital and Former Student Union Building, Capper Street / Huntley Street, London WC1E 6AP

DISCHARGE OF CONDITION 6 (WASTE MANAGEMENT PLAN)

Further to our recent conversation, I write on behalf of my client University College London Hospitals NHS Foundation Trust (UCLH), which is the freehold owner and developer of the above site.

Specifically, I write to apply to discharge condition 6 of permission 2015/1281/P. Condition 6 states the following:

“Prior to occupation of the building, details of the location, design and method of waste storage and removal including recycled materials, shall be submitted to and approved by the local planning authority in writing. The facility as approved shall be provided prior to the first occupation of the building and permanently retained thereafter.”

This application seeks to discharge condition 6 by providing the following:

- Application form and certificates;
- Application fee of £116 (paid via the planning portal);
- Waste Management Plan.

We trust the information provided is more than sufficient to enable discharge of the condition.

I therefore look forward to receiving notice that the condition has been discharged in due course. However, please contact me using the number or email provided above if you have any queries.

Yours sincerely

Emily Cochrane
