The proposals are to replace the windows and two doors at lower ground floor level. The existing windows are single glazed timber sash windows, they are not historic but are in poor condition. The proposed windows will match the existing. The existing doors are modern replacements, the new doors will match the existing.

The proposed works will not harm the special interest of the grade-II-listed building.

The application has been advertised in the press and by means of a site notice, whereby there were no consultation responses. The site's planning history has been taken into account in making this decision.
