BEDROOM 03

Floor Area:

Floor Area = 11.6 sqm

Where is not possible to extend the basement beyond the footprint of the original building, a sufficient proportion of the glazing, GA, should be above the point on the window(s) from which a line can be drawn at 30° above the horizontal to pass the top of obstruction. The glazed area above the point should total not less than 10% of the floor area of the room.

10% of floor area:
