Camden Planning,

[REDACTED] backs onto the Leeder House and office developments.

Has the above application been closed or resolved?

I have the strongest possible objections - and have only found out about this now. I'm unsure why I was not notified earlier, since I open all my post.

I'm copying my neighbour Diane (who is also keen to object) and Simon Glass (who has already objected). I know of others at numbers 25 and 27 who are also keen to object.

Many thanks,

Ben Griffiths
