

Appendix 2

Balcony Support Column/Post

For 40 Well Walk, NW3 1BX

LISTED BUILDING CONSENT APPLICATION

Re: 40 Well Walk, London NW3 1BX

Proposed Work to the balcony:

- Repair existing balcony at back to make it safe and stable, repaint railing in black as existing.
- Fit cast iron support pole 100mm diameter and plate under corner of stone balcony at basement level to reinforce its safety and stability. The column design to be in a simple style sympathetic to period of house, painted black.

Existing Balcony photos

Proposed Column/post specifications:

SEATON COLUMN by Andy Thornton- A steel and cast iron support column. Dia- 89cm/114cm
