Dear Sir/Madam,

EE LTD & ESN:

**GPDO APPLICATION FOR PROPOSED 4G (FOURTH GENERATION)
EQUIPMENT AT:**

ALEXANDRA ROAD, 19 ALEXANDRA ROAD, LONDON, NW8 0DR

PLEASE NOTE THAT THIS IS A RESUBMISSION OF 2017/6163/P WHICH WAS WITHDRAWN BY WHP FOLLOWING A DIALOGUE WITH THE LPA ON 29/11/2017. WHP HAVE SINCE THEN FULLY SEARCHED THE CELL AGAIN AND THERE ARE NO OTHER ALTERNATIVE SOLUTIONS THAT WILL GIVE EE AND ESN THE VITAL RAILWAY COVERAGE THEY REQUIRE. THIS NEWLY RESUBMITTED SCHEME LOWERS THE MONOPOLE FROM 15M DOWN TO 12.5M AND THE DESIGN HAS BEEN CHANGED FROM A STANDARD SW POLE TO A REPLICA TELEGRAPH POLE TO YET FURTHER REDUCE ITS VISUAL IMPACT.

The Home Office-led emergency services mobile communications programme provides a basis to develop a new 'blue-light' communications service known as the Emergency Services Network (ESN). EE Limited have been selected by the Home Office to provide the resilient national mobile network and appointed a number of agents including WHP Telecoms (WHP) to support site identification, acquisition and planning approval services to extend critical site coverage. This site is critical to the Emergency Services Network programme.

This application is submitted under Part 16 of Schedule 2 to the Town and Country Planning (General Permitted Development) (England) Order 2015 as amended by the Town and Country Planning (General Permitted Development) (England) (Amendment) (no.2) Order 2016 and in accordance with the electronic communications code under the Telecommunications Act 1984 Schedule 2 as amended by the Communications Act 2003.

This is an application for a determination as to whether the prior approval of the Authority will be required to the siting and appearance of the development as outlined on the enclosed drawings.

We write on behalf of EE Ltd, with regard to telecommunications apparatus at the above location. EE Ltd is a licensed operator of an electronic communications network in accordance with the Communications Act 2003.

EE Ltd benefits from permitted development rights for this development as set out under the above order. EE are required to apply to the local planning authority for a determination as to whether the prior approval of the authority will be required to the siting and appearance of the development set out below;

Proposed 12.00m Hutchinson Alpha 8 Telegraph Pole on new pad foundation and associated works.

The location has been identified as being necessary for EE Ltd business development and meets its specific technical and operational requirements. The identification of this location follows pre- application discussion with your Department and we now make a formal application to you as planning authority.

Please find enclosed the associated application package comprising: -

- Required number of copies of associated Planning Drawings Ref: 79901.
- Required number of copies of the Statement made in support of the application which contains the following;
- ICNIRP Certificate.
- Cheque of £ 462.00.

We trust this will be acceptable and look forward to discussing the merits of this proposal with you in the near future. In the meantime should you require any additional information or have any queries relating to this application, please do not hesitate to contact (Damian Hosker BA (Hons) MA MRTPI) at the above address.

Yours Faithfully,

(Damian Hosker BA(Hons) MA MRTPI)
