The increase in pollution and noise is not acceptable especially as HS2 unwillingness to provide appropriate filters. the removal of materials which highly likely will contain contaminants must be addressed, there seems to be no statement regarding how this increased pollution levels is to be addressed. Why hasn't the transportation via rail been discounted.
2018/3241/HS2	harvey kutner	06/09/2018 10:59:46	OBJLETTE R	with Park Village closed, Grandby Terrace closing, Cumberland Mkt closed, Albany street blocked, the route for emergency vehicles to residents in Park Village East is prohibited. Extra lorries, parking on the route makes this worse. Noise and pollution is too high, this will just make it worse.
