2018/3388/P	Eric Stuart	07/09/2018 17:44:59	SUPC	<p>I do not object to this application, although I note that wood would be a more appropriate material for the new storefront that powder coated metal given the historic nature of the building in the Seven Dials Conservation Area.</p> <p>I specifically do object to related application 2018/3422/A (which, for some reason, is not allowing comments to be made electronically directly to that application) in that the new signage should be externally illuminated and not internally illuminated, which would be in line with the Council's guidelines for the Seven Dials Conservation Area.</p>
