Subject: Application no. 2018/3840/T

Dear Sir

We [REDACTED] would like to object to the application on the grounds that it appears to be unnecessary (and probably a tactical precursor to a subsequent application to extend the property), and that the loss of the trees would dramatically alter the pleasant leafy aspect of the area [REDACTED] in front of our property, which have served to provide an element of privacy between the closely grouped residential properties surrounding the trees. We would respectfully suggest that Pollarding should be the limit of the permission granted.

Please note that we never received formal notice of this application.

Regards
George and Katherine Cselko
