Dear Laura,

That is really bad news about the hedge - if permission is granted to lower and relocate the pool, the green view will be replaced by the Boncara development. Such a pity, as so far this stretch of West Heath Road is unspoiled.

Thank you for posting the comments. If possible could you put this up too?

Ginny

Hi Ginny,

They should all be online and visible now – I hadn't clicked the 'public' button.

I've checked with our Tree Officer who has confirmed that unfortunately we do not actually have any control over hedges. We can only control trees in conservation areas if the diameter of their trunk is over 75mm. If a hedge is left to grow unmaintained, into larger trees then we can control their removal, but when a hedge is clearly maintained as a hedge (as is the case here), then they can be removed without informing or seeking permission from the Council.

Kind regards,

Laura Hazelton
