

**notes**

**GENERAL NOTES:**  
 Detail drawings show layouts and design intent and should be read in accordance with General Arrangement drawings, Specification, and any Schedules.  
 All details and interfaces to be developed with Contractor and key Subcontractors.  
 All drainage proposals to be developed in accordance with Drainage Engineer's details & design. All sub-surface build-ups to Engineer's details.  
 Drawings may indicate elements to be designed and specified by other Consultants for coordination purposes. Please also refer to these drawings, schedules and specifications. Please report any discrepancies to Architect for confirmation.  
 Full fabrication drawings to be provided for approval of all elements, details and materials.  
 All levels and calculations to be confirmed by the Contractor.
