Subject: opposition comments to 2016/1436/P

To the committee:

We longtime owners and residents of Hampstead are in total opposition with planning application 2016/1436/P.

You have already received numerous comments in opposition that we would like to echo, namely our key objections for the following reasons:

- ∞ The old village nature of Hampstead is part of its historic charm and for this very reason English Heritage and the Old Heath and Hampstead Society have guarded and preserved this sanctity. This must NOT be lost and vital to keep Hampstead an open secular community.
- ∞ Security
- ∞ Imposition of religious structure on community
- ∞ Public space means public space
- ∞ Visual aesthetics of open space and not cluttered with poles and wires!

We truly expect that you will listen to all residents and not permit offensive structures that will have adverse effects on our community.

Thank you,

Edward Sherman
Charlotte Halkjaer-Lassen
