2018/4288/T	charlie martin	20/09/2018 09:22:53	OBJ	[REDACTED] And while this plum tree has got too tall I think it would be a great shame to cut it down completely. I think a good pruning would suffice. In fact, when the tree, was smaller I used to prune it for the neighbours myself. The tree is a real feature of the road. And with all the building work at number 25 we have lost a few trees and quite a lot of green space in the area already. I think it would be better for the street and the area as a whole if the tree wasn't felled. Yours Charlie Martin
