2018/4044/P	Jean-Baptiste Rancon	20/09/2018 11:22:30	OBJ	I object as the brick make up of the proposed stairs is totally out of keeping with anything that exists in the conservation area, including the stairs at 33 Belsize Park Gardens which the application mistakenly says are similar - even though 33 has black & white tiles whilst 31 has amber/red brick.
2018/4044/P	J Pedroni	23/09/2018 07:14:44	COMMNT	The application is not clear on what material will be used in the proposed plan (colour, size, style). Based on the limited information provided, it looks as if the classic black and white tiles would be mixed with red bricks? There is an overall upgrade of the entrances happening on Belsize Park Gardens - I hope this is an application with the aim of making our street more beautiful.
